*As dancers we know the passion that lives within a dancer and the hard work and long hours that a dancer puts in.*

*It is the dancer's love and passion that bring life to the competition and make it possible, so we are putting on a competition that solely has their best interest in mind. We want more dancers to have that feeling and be recognized for their dedication and to just get up there and give it their ALL.*

*We intend to make this experience a positive one where everyone involved will benefit and will go home with many happy memories.*
